

# ACCURATE SURVEY ENGINEERING

## Demarcation Survey & Gate Level Computation

Accurate Survey Group is providing the best services for demarcation service and gate level computation survey all over UAE with all Municipality approvals (especially Abu Dhabi & Dubai). We use VRS method linked with all Municipalities for demarcation and other required services.

## VRS Survey

ADM, DM, NAKHEEL, TARKHEES DCCA, ADNOC, ADMAC & for all other Gov. authorities

## Underground Utility Detection Survey

We are using one of the best technologies to locate and map underground utilities. G.P.R.S. - Ground Penetrating Radar Services is a geophysical method that uses radar R.F pulses for imaging subsurface objects.

## 3D Laser Scanning, Mobile Mapping & Drone Survey

3D modeling & intelligent environments visualizations. Three dimensional inspection of building facade. Topographic survey & Terrain 3D modeling. 3D as-built documentation for buildings. Ship as-built modeling. Data collection for BIM.

## Hiring of Surveyors & Design Team

We are providing professional surveyors and designers with state of the art Survey Instruments and modern softwares as per client requirement and nature of project. Softwares include AutoCAD & MicroStation, Instruments include 3D Laser scanners, GPS, Electronic Total Stations, GPRS, Concrete scanner and all other Instruments & 4x4 vehicles.

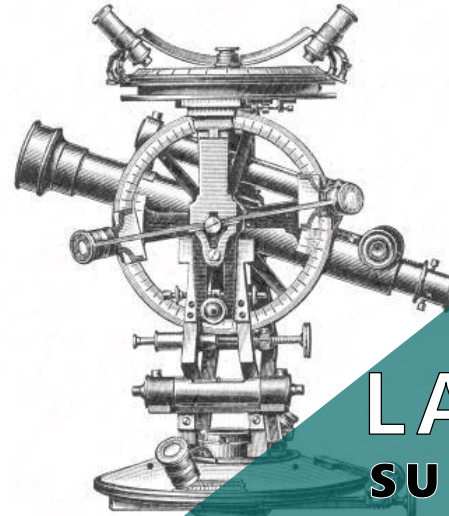

## Land & Engineering Surveys

- . Topographic Survey & Mapping
- . Road and Infrastructure
- . Dilapidation Survey & Report
- . Architectural As built Survey & Drawing
- . Setting out Survey for Buildings & Infrastructure
- . Shoring and pile point setting out
- . Landscaping Survey
- . Feasibility Studies.

## Who we are...

Back in 2007, a dream came into reality. With a vision in our mind to ensure quality, accurate and reliable engineering survey services, we established Landmark Survey. Hard work and perseverance of our manpower lead us to emerge as a leading professional engineering survey company with 3 branches across UAE.

Here at Landmark Survey, we understand that satisfied clients are the cornerstones of a successful organization. Through exceptional leadership, the aggressive pursuit of new technologies and a comprehensive suite of services, we strive to consistently exceed our clients expectations.

We will always provide great value.... We will be a company where great clients want to employ....We will be a company where great employees want to work....

## Our firm...

As a regional leader in the industry, we continue to expand our client base across the nation and beyond. At Accurate Group, we have the talent, we have the technology and we have the experience.

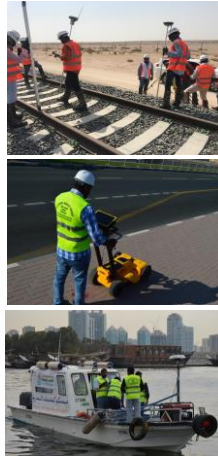

Landmark Survey stays at the forefront of surveying technologies. Our resource includes the state – of – the – art survey instrumentation, office software and hardware which allows our talented team to perform quality engineering survey services that exceed the expectations of our clients.

Quality-----  
Reliability-----  
Reputation-----  
Experience--

## What we do...

- Land & Engineering Survey
- 3D Scanning for Architecture, Engineering & Construction
- Bathymetric Survey
- Rail Alignment and Setting out Survey
- Architectural As built Survey
- Underground Utility Detection Survey(GPRS)
- Establishment of Control points/Benchmarks
- GIS Services and Geophysical Survey
- Concrete Imaging & Scanning
- Demarcation Survey & Gate level computation
- VRS Survey for authorities
- Settlement Monitoring & Report
- Dilapidation Survey & Report
- Design & Draughting Service
- Hiring of survey crew
- Hiring of Draughtsman
